Mr. Radtke,

This letter is in response to the good work you're doing around the city. You've undertaken the task of ridding the city of unwanted "Grappiti".

In my area the "Grappiti" has been an eyesore. It often makes reference to gang turf. You take a beating at times because of what you do.

I'm hoping you'll continue to be of service and change.

Respectfully yours,
Mildred Butler
