Dear Mr. Radtke,

Fred

From the staff of Café Reconcile, I would like to express our deep appreciation for removing the graffiti recently left on our building. We were so impressed with the quality of work and the immediate response!

You are such an asset to the larger New Orleans community. By removing graffiti you foster neighborhood pride. Many of our students come from these impoverished and blighted neighborhoods where it is difficult to develop a sense of self-worth and belonging. By bringing them to a new environment we hope we raise their self-esteem and show them that they deserve to live a society where they are treated with respect. By having our building graffiti free, we are able to show our students that this place they commit to come to everyday deserves respect.

Thank you for your service to Café Reconcile and for making New Orleans a more beautiful place.
